

State Tax Commission to Issue Bulletin on Michigan Business Tax (MBT)

The State Tax Commission will issue a Bulletin this fall on changes to personal property tax due to the passage of the Michigan Business Tax (MBT). Assessors should note that the MBT did not change the definitions of personal property contained in MCL 211.34c and therefore, widespread changes to classifications of personal property are not expected. Overall information about the MBT can be found on the MBT Website at www.michigan.gov/treasury under “What’s New”.
